Spotlight on Staff – Mr Walsh

Mr Walsh has been working at Haileybury Turnford for 15 years and is an Assistant Principal and, perhaps, one of the most familiar faces around the school.

We asked Mr Walsh for a little more information about himself.

One thing you like about working at HT	Every day is a mystery and no two days are alike. If you want a challenge then working here will provide it.
One thing you would chose	Starbucks Latte at 7am
One thing you do in your spare time	Who has spare time?
One thing you have learned in life	Things might seem co-incidental but they are not – everything is one giant fluke. Science is the only answer to the question.
One thing you wish you'd known earlier	Most people lie rather than tell the truth – and sometimes they lie about lying… which makes it seem so convincing!
One thing you would save if your house were on fire	My passport
One thing that defines a good teacher	Listening, understanding and having high expectations – always.
One thing you would like to experience again	Skydiving
One thing you could not live without	Starbucks Latte
One thing that defines a good student	They realise that teachers are human – there to help not to harm
One thing that you like to watch	Star Trek or any Science Fiction!
One thing you are waiting for	Real change
One thing that might surprise people to know about you	I have lived in Las Vegas for 9 months and have travelled to California 20 times in the last 16 years…
One thing you love about your job	Seeing a student master a difficult concept or find their voice
One thing that makes you smile	Having a difficult task to do!
