

# Haileybury Turnford takes to the skies!

A Haileybury Turnford student took to the skies last week, as part of the Cheshunt academy's partnership with Haileybury, the Hertford Heath independent school.

Archie Ciuffa, enjoyed his ride over Hertford in an army Gazelle helicopter, a first for the 16 year old student from Year 11.

A number of Haileybury Turnford students have joined Haileybury's Combined Cadet Force, spending Wednesday afternoons training with the school's army section and joining other student cadets at camps and weekend activities. 'Being a member of the CCF has given me confidence and opportunities to do things I would never otherwise have achieved,' said Archie. 'I am now thinking of joining the army when I leave school.'

Haileybury Turnford Acting Principal, Mark Barrow, added, 'We are delighted with the growing partnership with Haileybury and the opportunities experiences such as this gives Haileybury Turnford students. Students and teachers are collaborating in a number of ways in and out of the classroom and are already benefiting from this exciting partnership.'
