Dear Parent/Carer

RE: The purchase of Science revision guides

Last year we offered parents the opportunity to purchase Science revision guides through the school at a reduced price. We would like to offer this as another opportunity to purchase these resources to support your child if you have not already done so.

If you have already purchased these resources through us you have the most up to date revision guides and can therefore ignore this letter.

Combined Science (Trilogy)

This is taken by the majority of our students and will result in your son/daughter achieving two GCSEs in Science.

CGP publish three books to support students in Biology, Chemistry and Physics. These include revision notes and practice questions to make sure your child understands these topics well. The combined retail price of these books would be £22.50 however you can purchase these through the school for only £12.00.

Triple Science

Some of our students are studying single Sciences (triple) and this will result in your son/daughter achieving three GCSEs at the end of year 11.

CGP also publish a revision and practice guide for each Science. The combined retail price of these would be £32.97 however these can be ordered through the school for only £16.50.

Simply pay for these using parent pay by Monday 1st October 2018 and we will order them in the week commencing 8th October 2018.

There are a number of other excellent revision guides for supporting your child in Science, which can be bought at most bookshops or online – just remember that we are sitting examinations with AQA.

Please do not hesitate to contact me with any questions. By working together we can make sure your child achieves the best possible grades in Science.

Yours faithfully

Mr S Williams
Director of Science
