

HaileyburyTurnford

Ambition · Pride · Success

10th September 2018

Dear Parent/Carers

As you are aware your child has begun his/her final year of their studies in Engineering Design. As a department we endeavour to provide engaging final coursework projects that have historically given the students excellent coursework grades.

As part of their final coursework project they will be designing and manufacturing a final product that your child will get to keep and take home.

Our department budget is sufficient to cover the costs of the basic materials and consumables necessary to deliver the course but, in order to enhance the curriculum and provide more stimulating and relevant projects. We ask for £10.00 from each student for each examination course they follow within our subject area to cover the cost of the specialist materials and components they will be using.

Contributions can be paid via Parent Pay which can be accessed via our school website. Unfortunately, we cannot accept contributions in the form of cash or cheque. If you have trouble accessing the Parent Pay system, please contact Mrs K Jones via email (jonesk@haileyburyturnford.com)

Yours faithfully

Mr S Hill

Faculty Leader Design & Technology
