13th September 2018

Dear Parent/Carer

Re: Haileybury Science Intervention

As part of our partnership with Haileybury, Triple Science students have been offered additional extended provision led by Mr Kattavenos the Head of Science at Haileybury. The purpose of the programme is to offer students additional teaching with some complex topics. The intervention will begin next week on Wednesday 19th September and continue on Wednesday afternoons throughout the year, where students will miss core PE only.

Students will be travelling via mini bus leaving our school promptly at 1.40pm and returning at 4.00pm. Mr Kattavenos and the Science teachers at Haileybury Turnford have very high expectations of students and therefore expect that they complete work set between each session; this will also be followed up by their teachers at Haileybury Turnford.

If you would like further information or have any questions, please contact the Director of Science at williams@haileyburyturnford.com

We do hope that these sessions enhance your child's experience of Science and result in excellent grades at GCSE.

Yours faithfully

Mr S Williams
Director of Science
