

# HaileyburyTurnford

Sixth Form Prospectus

AMBITION • PRIDE • SUCCESS

*“The sixth form is good... teaching in the sixth form helps students to make good progress in academic and vocational courses.”*

*“The school’s approach to careers education, information, advice and guidance is well thought out and contributes to the school’s success in helping pupils into further education, employment or training.”*

*“Teachers prepare students well... encouraging them to read widely and to reflect on their work.”*

# A Sixth Form for everyone

## Welcome to the Sixth Form at Haileybury Turnford.

This is an exciting time in your student life, when you begin to consider what you want to pursue after Year 11 and explore all the options open to you.

At Haileybury Turnford Sixth Form we are supportive, friendly and encouraging to everyone who joins us. Whether you are taking A levels, pursuing vocational courses or continuing with your GCSE studies, we wish to work in close partnership and we are with you all the way.

Our values of Ambition, Pride, Success mean that our aim is the same as yours - to achieve your full potential and to move into the next phase of your life feeling prepared, confident and independent.

We are proud to be an inclusive Sixth Form. Whichever pathway you choose, we provide a stimulating learning environment for students of all abilities, interests and backgrounds. We are truly a Sixth Form for everyone.

Robin Newman  
Principal

Navpreet Shivalkar  
Assistant Principal & Head of Sixth Form

*“Our teachers truly believe that we can achieve whatever we work hard for. Alongside our studies, we are encouraged to broaden our perspectives and experiences by taking part in enrichment activities. We can also use some of the state-of-the-art facilities at Haileybury which means that we benefit from further learning that some other Sixth Forms may not have access to. Our Sixth Form is great preparation for our future studies or the world of work.”*

**Our partnership with Haileybury was established in September 2015.** As the relationship has grown, many of our students have been invited to complement their A level studies by participating in the co-curricular programme at Haileybury. The programme covers a number of subjects including Science masterclasses and Spanish lessons and gives students a real advantage when approaching their exams.

Haileybury is also hands on with their support of UCAS applications, admissions tests and interview skills for the most selective universities. With their assistance and encouragement, many of our students have been successful in going to their first choice of university. Very recently this has included a student attending Trinity Hall at the University of Cambridge to read Human, Social and Political Sciences.

We also have students progressing well in the Combined Cadet Force, participating in Haileybury's annual Model United Nations Conference and attending regular lectures hosted at the school in Hertford.

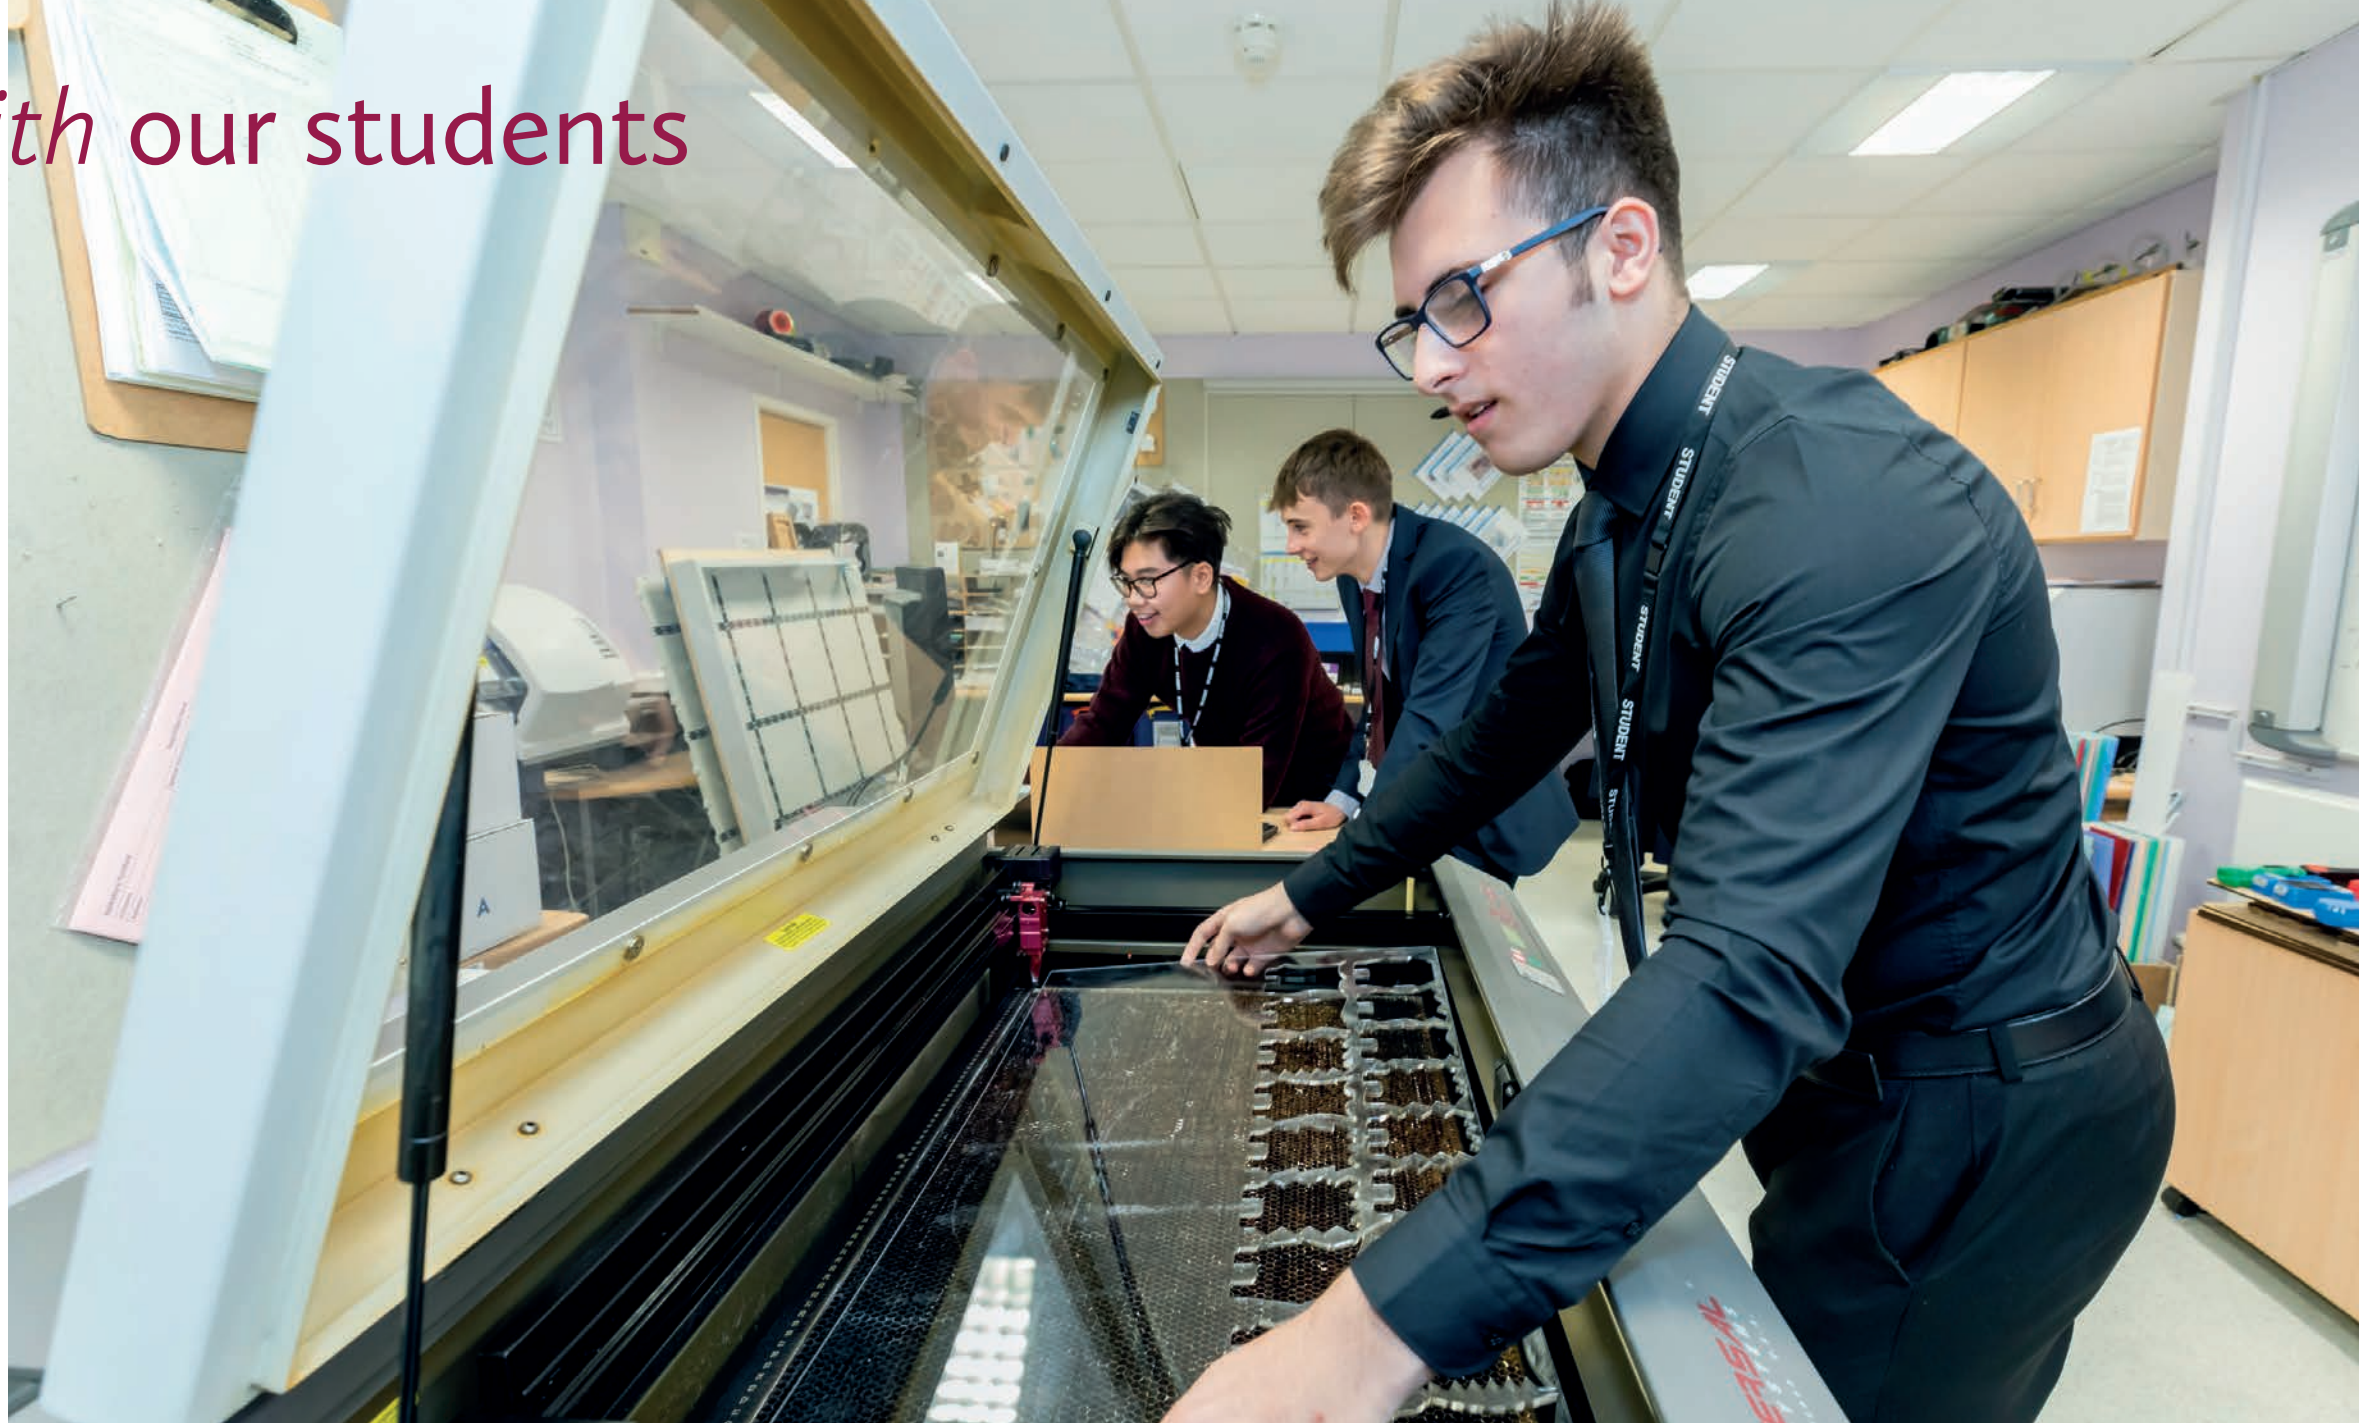

*“We are delighted that our partnership is already making a real impact on the lives of the students at Haileybury Turnford. The future for Haileybury Turnford is very bright indeed.”*

*Russell Matcham Chairman of Haileybury Turnford Governing Body*

# *In partnership with our students*

**The Sixth Form at Haileybury Turnford is committed to developing students so that they are equipped for the next chapter in their lives.**

We encourage and support an independent approach to your studies, giving you both the responsibility and the freedom to manage your work and expand your knowledge.

Our enthusiastic teachers are committed to delivering stimulating lessons where you can challenge and explore subjects thoroughly. This leads to comprehensive and mature work that can confidently be taken forward to higher education and employment.

*“We have a good partnership with our teachers. There is a very positive atmosphere and we are treated as adults.”*

# Enrichment for a broad and well-rounded student experience

**As well as your academic or vocational studies, our Sixth Form gives you space to further your potential and grow in confidence.**

We participate in several enrichment programmes and encourage students to explore all that is available. Anyone interested in developing their personal interests, skills and experiences is given the support and assurance they need to pursue their goals.

Very recently, one of our Sixth Form students won the prestigious Pioneer Award from BASET (Britain-Australia Society Education Trust) which allowed her to travel to Australia to spend a month at Haileybury Melbourne.

We regularly have speakers from universities to come to our Sixth Form to give students an understanding of the university experience. We also invite organisations, such as the Bank of England, to discuss what the bank does and how the economy works.

Students can also have the opportunity to work with local business mentors through our participation in the Dragons' Apprentice Challenge. This annual contest sees over 100 ambitious students from the Broxbourne and East Herts area compete to increase funds for a start-up with the help of a 'Dragon'. Competition is strong, and our students always work hard to achieve their goals.

We attend University and Apprenticeship Fairs and run a Futures Week where we help to prepare our students for life after Haileybury Turnford and hear about the vast range of courses and training available. Students find these events helpful and inspiring as they begin to decide their next steps after Sixth Form.

Alongside the suite of A level subjects, we also offer the Extended Project Qualification (EPQ). This is a standalone qualification designed to extend and develop your skills in independent research and project management and is recognised by universities and employers.

Students are also able to participate in the Employability Skills programme run by Young Enterprise, giving practical help on CV writing, job applications and interview skills, as well as starting up a business and managing money.

*“Winning the Pioneer Award from BASET was a life changing experience. Living so far away from home, meeting new people and enjoying the Australian culture was inspirational. I have a million fond memories of my time there. This wouldn't have been possible without the support of my Sixth Form teachers and my peers.”* Student

# *In partnership with the community*

**Our Sixth Form ensures that our students understand their social responsibility and we ensure that any work in the community or fundraising activity is promoted and supported.**

We are also very proud of the students who pursue activities which take them beyond their local community.

We have recently had two of our students competing for the Great Britain Junior canoeing team which was an amazing achievement. The school supported both of these students in the pursuit of their sporting ambitions and has been thanked by British Canoeing for encouraging a balanced approach to school life and elite sports.

As with the rest of the school, we aim to foster good relationships with the parents and carers of our students so that we can provide a healthy and supportive environment for learning.

*“My son is finding Sixth Form a welcome challenge and is enjoying his chosen pathway a great deal. I feel that the teachers and leadership team within the Sixth Form work hard to bridge the gap between school and university, by encouraging their students to make ‘real world’ choices and supporting them throughout.”*

Parent

*“Haileybury Turnford was my child’s first choice for Sixth Form. It is clear that they nurture all skills and talent whether they are academically focused or, like for my child, vocationally driven.”*
