

Haileybury Turnford House System

The House system comprises of four houses; Bevan, Pankhurst, Shackleton and Turing. Every member of the Haileybury Turnford community is allocated to a House. Each form group will comprise of all four Houses, maximising opportunities for competition and support as well as reducing complications if students are moved between forms. Every student will be given a lapel pin and every staff member has a colour specific lanyard for their House.

The overriding ethos of the House system focuses on 3 key areas: Pride, Support and Teamwork. Each House has a member of staff, Head of House, whose key role is to establish and work with a House Team comprised of a House Captain, 2 Vice-Captains and Prefects. They are responsible for ensuring that their House is represented at every competition, event or challenge. They will also organise three key events throughout the year for the whole school to compete in.

It is important that all students get an opportunity to represent their House at some point over the school year. Everything that happens within the school can feed into the House points, your academic achievements, green cards and your attendance. The only thing that won't affect the points are behaviour cards, as the negative actions of one shouldn't undermine the positive actions of others.

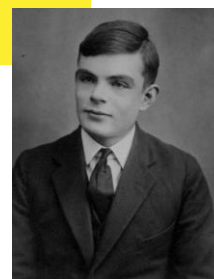

Aneurin Bevan, often known as Nye Bevan, was a Welsh Labour Party politician who was the Minister for Health in the post-war Attlee government from 1945 to 1951.

Emmeline Pankhurst was a British political activist and leader of the British suffragette movement who helped women win the right to vote.

Sir Ernest Henry Shackleton CVO OBE FRGS was a polar explorer who led three British expeditions to the Antarctic, and one of the principal figures of the period known as the Heroic Age of Antarctic Exploration.

Alan Mathison Turing OBE FRS was a pioneering English computer scientist, mathematician, logician, cryptanalyst and theoretical biologist.
