

## Insight Mobile App

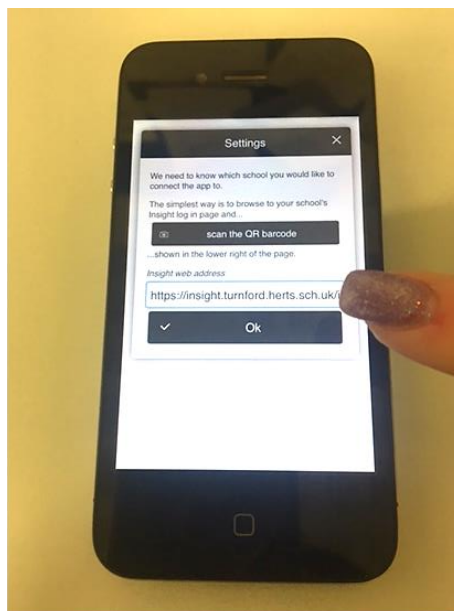

Insight is now available as an App on your smartphone. You can download the app for free at either the **App Store** or **Google Play**.

As with the online version, the App will give you access to information such as Attendance, Behaviour, Achievement and Assessments related to your child.

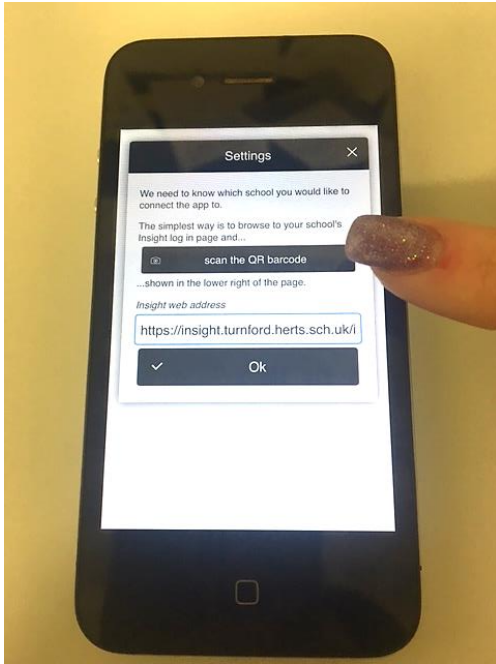

When you search for Insight on either of the App providers, you will need to type **Tasc Insight** to find the applicable App.

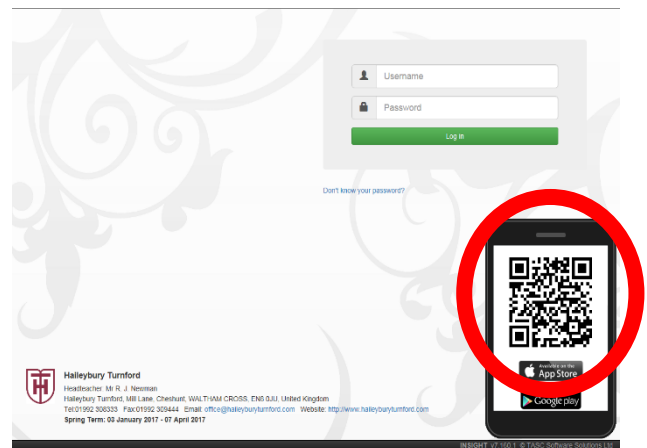

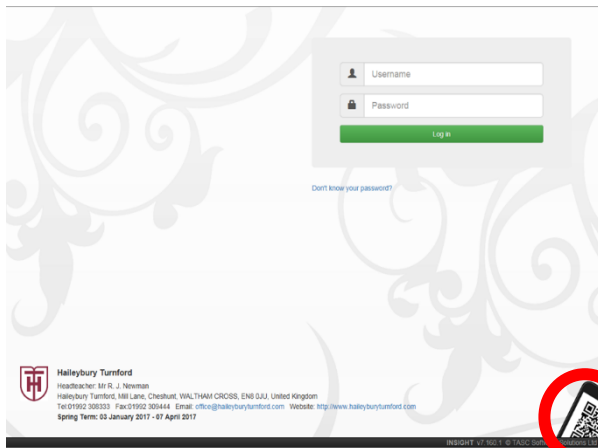

Once you have installed the App on your phone, you will need to enter the following address, under 'Settings': <https://insight.turnford.herts.sch.uk/insight/>  
*\*settings are located on the main login screen, by clicking on the top-right icon *

Alternatively, you can install the school settings by scanning the QR code:

This can be found on the Insight website:

You will see the homepage when you first log in to the App. A picture of your child will appear at the top of the screen. If you have more than one child at school, you can switch between children by swiping to the left or right.

If you have any issues logging into Insight, please contact Mr J Donovan at [donovanj@haileyburyturnford.com](mailto:donovanj@haileyburyturnford.com) who will be able to assist.
