My name is Leigh Cole and I am the Manager of the HABS Family Support Team based within Wormley Primary School in Broxbourne.

I would like to take this opportunity to introduce our organisation as Haileybury Turnfords new Family Support Team from September 2017.

The HABS Family Support Team provide high quality services for children, young people and their families in Wormley, Broxbourne, Hoddesdon and now parts of Turnford. We are a local organisation that works with school aged children to address social, emotional and health issues that are barriers to learning (offering Individual programmes of support but also offering group programmes within the educational setting)

We are currently employed by Hertfordshire County Council and the local schools to provide support for children and families at risk of breakdown, to offer practical and emotional support, help with a range of issues including bereavement, separation, bullying, domestic violence, drug or alcohol use, SEND, housing, debt and challenging behaviour.

In addition to the above service, the HABS team also offer a comprehensive range of parenting programmes to all parents free of charge, all delivered within the local area:

- Caring Dads
- My Teen Brain
- Families Feeling Safe (Protective Behaviours) mixed and dads course
- Parenting Puzzle and Toolkit

The HABS team are looking forward to supporting Haileybury Turnfords families and students over the coming academic year.

Leigh Cole
Partnership Manager of the HABS Family Support Team
