

## Teacher of Science for September 2020

### Haileybury Turnford, Cheshunt, Hertfordshire

**Salary: Main Pay Scale – ideal for a Newly Qualified Teacher (including London Fringe allowance)**

Haileybury Turnford is a rapidly improving school. We need an ambitious teacher to join our collegiate and supportive Science Faculty. This role will provide an ideal opportunity for a Newly Qualified Teacher who will be provided with excellent support from within the faculty and from the school's professional development programme.

We are a school with serious support from one of the country's top independent schools. If you would like to make a real difference to our students in a very supportive environment, we would love to hear from you.

It is an exciting time to join us. When Ofsted visited in May 2018 they were clear that we are making real progress. We have also had significant improvements in GCSE and A Level results this summer.

"Improvements are increasingly evident, including in the progress made by the pupils. Leaders and staff have responded well to the challenges set by the principal and an incisive governing body."  
(Ofsted)

"The sixth form is good. Sixth-form students attend well and are punctual. Higher quality teaching in the sixth form helps students to make good progress in academic and vocational courses."  
(Ofsted)

Our sponsor is Haileybury, the leading independent school, 7 miles north of our school (a few miles north of the M25). It has recently provided significant extra resources to make sure we keep improving quickly.

There are excellent professional development opportunities to support your own personalised learning, and you will receive an employee benefits package.

*We are an equal opportunities employer. Haileybury Turnford is committed to safeguarding and promoting the welfare of children and young people, and expects all staff and volunteers to share that commitment. We do employment checks before any appointment, and you'll need a satisfactory enhanced DBS check.*
