Learning objectives:

- ❑ Well Being Ambassadors

Explanation

Here at Haileybury Turnford we have a significant number of students that go through different issues each and every day. Some of these issues can be ongoing and the students may find it difficult to talk about these issues or find it hard to deal with these issues.

As Diversity Ambassadors it will be your job to give that support in the following ways;

1. Provide a chance for other students to simply discuss their issues.
2. Provide advice on how to deal with their issues.
3. Refer students with significant issues to me.
4. Provide advice on the Diversity notice board.
5. Update the Diversity notice Board.
6. Help support me with Diversity events
