This study pack is to help you revise topics and learning from Years 9&10!

Your teacher will tell you:

- What to complete each week
- How to submit your work
- What vocabulary (whole sentences) you will be tested on
- Speaking tasks should be recorded and measured against criteria from speaking mock exams, with a speaking partner or with Mr Datta
- Challenge: look up the meaning of the idiomatic expressions at the start of each module (part 1 and part 2) and use it in a speaking or writing task!
