Could you help transform young people's lives?

Are you interested in working with young people to develop their skills and confidence to enable them to succeed?

Are you ready for the challenge of working with diverse groups of young people and supporting those who are vulnerable and at risk?

We have Youth Support Worker posts available across the county, in late afternoon and evening projects – part time and flexible hours.

As part of a team in YC Hertfordshire, Services for Young People - you will work with young people to enable their personal and social development.
