

Summer Internships

In the present environment, in-person work experience is crucial yet almost impossible to secure. Students can now register for InvestIN's flagship Summer internships in London. Up to 10 days of immersive experiences led by top professionals in 9 of the world's most competitive and sought-after industries.

Internships are available for ages 12-14 and for 15-18

- Work alongside doctors in a London Hospital
- Argue a case before a judge in the Supreme Court
- Enter the Airbus ExoMars facility
- Trade the markets of the London Stock Exchange
- And much more...

Due to strict social distancing measure places are limited. Students can register before 31st December and use the code INTERN15 to receive 15% off

Our mission is to give all young people access to the top. By connecting our national network of schools with industry leading employers, we open young people's eyes to the possibilities ahead of them.

Our programme is run through a simple, safe-guarded portal, giving students access to opportunities, schools an easy way to manage their work experience and employers the chance to diversify their early talent pipelines and meet their social mobility goals.

2500+ students have taken part in placements with us since the Experience programme launches and our work is growing every year. We work with employers from across industries and sectors to give students access to opportunities they wouldn't otherwise be able to access.

95% of students felt they were better prepared for work after completing work experience placements or attending insight days through us.

Apprenticeship Application Masterclass (Online)

Tuesday 1st December 1:30pm – 5:30pm

Overview

Automation. Artificial intelligence. Machine learning. Arm are in the business of making all these things work for real people. More specifically 70% of all people across the planet, as they build new worlds with IoT technology.

Join us on a half-day, Application Masterclass with Arm's early careers team. This is a brilliant opportunity for students who are thinking about apprenticeships and would like to know more about working as an apprentice in a leading STEM organisation.

Agenda

- Introduction to Arm and their company culture
- Tips on application process
- Tips on making a great apprenticeship application
- Information about apprenticeships at Arm
- Application dates and next steps

Who should attend

Students who are interested in applying for apprenticeships

Students who are interested in careers at Arm
