

## Haileybury Turnford Sixth Form Virtual Open Evening

**19<sup>th</sup> November 2020 5:30pm – 6:30pm**

Haileybury Turnford Sixth Form is the natural choice for students as they prepare for University, apprenticeships or employment with all the benefits that our school community offers to all students.

We are a sixth form for everyone with A Level, Vocational and GCSE courses available, alongside individualised support for students who wish to apply for the most competitive universities, including Cambridge and Oxford, for apprenticeships or for employment at the end of their time in sixth form.

*“The Sixth Form is Good. Sixth Form students attend well and are punctual. Higher quality teaching in the Sixth Form helps students to make good progress in academic and vocational courses.” (Ofsted 2018)*

### Six Things You Need To Know Before Making Your Final A-Level Choices

Choosing a handful of subjects to take at A-level isn't a decision you should take lightly. The A-levels you pick now can impact what you do later, namely the courses you can apply to at university (and which universities will consider you).

Follow **TheUniGuide's** six steps and you won't go wrong with your A-level choices.

- Taking certain A-level subjects will open up more university course options
- A-levels are a lot tougher than GCSEs
- Certain uni courses will look for specific A-levels
- Some courses and unis have lists of subjects they don't accept
- Know myth from reality
- Many unis and courses will consider you whatever you choose

Read the full article about choosing A Level subjects here:

**NIGHT AT THE VET COLLEGE**

POWERED BY HERTFORDSHIRE LOCAL ENTERPRISE PARTNERSHIP

**VIRTUAL EMPLOYER ENCOUNTERS**

**Hertfordshire Opportunities Portal (HOP) conduct a series of webinars each week that feature interviews with local employers.**

Our next Virtual Encounter will take place on **THURSDAY 19<sup>TH</sup> NOVEMBER 2020** (3:30pm) and the theme will be

**Careers (in the city) – Finance & Investments**

Ever wondered why so many people get on trains and commute into (the City of) London? Hertfordshire is located on the doorstep of one of the world's largest financial employment hubs with thousands of jobs and opportunities available within the Finance and Investment industry.

This webinar will allow you to hear from people who work in the industry who will explain the different type of opportunities available for school leavers. Investment 20/20 is an organisation that specialises in supporting school leavers to learn more about careers in this industry.

**Charlotte Smith** is Programme & Team Coordinator at Investment20/20. She joined Investment20/20 in 2017 as a school leaver and joined the trainee programme as an Administrator Trainee. Before joining Investment20/20, Charlotte studied Musical Theatre at her local college, whilst working part time at her local theme park as a Singing Waitress.

**James Blake** is Learning & Development Manager at Vanguard. He delivers training to Vanguard's 650 staff across Europe – sometimes in the classroom but also increasingly online or via video link. Before moving into this role, James was an investment writer and also managed teams of writers. His articles frequently made it into publications such as the Financial Times, although most of them appeared in other people's names. He has two teenage children and supports Crystal Palace.

**Amanda Eke** is a current school leaver working at Vanguard Asset Management, within the Fraud and Global Security Team. Outside of work, she is studying for the Investment Foundation qualification and how to trade in the foreign exchange market, as well as being a nail technician."

**We believe this webinar will be of most relevance and interest for students in Years 10 – 13 who have an interest in finance and investments. There are no specific subjects required to enter the industry**

**although functional Maths and English at GCSE level are vital. Students studying Economics and/or Business Studies may have particular interest in this webinar.**

The registration link can be found here:

### Subject Discovery Webinars

Have you signed up to Unifrog’s Subject Discovery Webinars yet? If not there is still time as they start next week on Monday 23<sup>rd</sup> November

The webinars are aimed at students in Years 11 and 12 as they start to think about what subjects to apply for at university and they can now sign up via the shiny new Webinars tool on the Unifrog student homepage.

There are over 30 expert speakers confirmed including:

- Prof. Carl Gombrich, Director of Teaching & Learning at the London Interdisciplinary School
- Dr Christopher Nordstrom, Co-founder of the Medic Portal
- Dr Ellie Ratcliffe, Lecturer in Environmental Psychology at the University of Surrey

Sign up now via the new [Webinars Tool](#) on you Unifrog homepage

If you don’t have your Unifrog password go to [www.Unifrog.org](http://www.Unifrog.org) and click on sign in and then click on forgot password and enter your school email address. This will email you a password reset link.

*If you have any questions or queries relating to careers please contact the careers leader Kate Ward on [wardk@haileyburyturnford.com](mailto:wardk@haileyburyturnford.com)*
