Meet the people behind the masks – Nurse 27th January

Virtual Insight Day hearing from nurses working in a range of roles, find out more about the profession, the key skills needed and how you can start to develop them.

Speakers for Schools along with the NHS are hosting a series of virtual insight days to help students find out about the different roles and opportunities within nursing.

The opportunities are ideal if students haven't considered a career in nursing before and are keen to find out a little more, if students are undecided on what you want to do after school, and if students already feel that nursing would be a great career and want to find out a little more.

Students will hear directly from active nurses, some of whom are still in training or newly qualified, from across the varied disciplines of nursing, the variety of roles, the skills and qualifications, employers look for and what the training is like.

The day runs from 10-2:30 (with a break for lunch)

The Personal Advisers from YCH Services for Young People (formerly Youth Connexions), Claire Johnstone, Luisa Grandine and Gina Georgiou will continue to be available remotely by video technology via Microsoft Teams (or telephone/email) throughout this term to support Key Stage 4 & 5 students and to give advice and guidance on careers and future employment or study.

All Year 11 students will have a Careers interview and those students who have not already had an interview will be sent an invitation via their school email to a Teams meeting. They are able to come out of lessons to attend this meeting. The students are all sent an Action Plan and the Plan will also be saved to their Unifrog account.

If you have any questions or queries relating to careers please contact the careers leader Kate Ward on wardk@haileyburyturnford.com
