

Dear Students, Families and Colleagues

I would like to introduce myself; I am Mr E Macaulay, I am Assistant Principal and the new Careers Lead at Haileybury Turnford. I have worked at Haileybury Turnford since 2012 and have recently taken over the very successful role that Ms Ward started a couple of years ago.

I am extremely passionate about the futures of young people in our community. I have worked for a number of years with Year 11, supporting them through their GCSEs. However, at HT we recognise that setting you up for your future is more than excellent GCSE results and a range of opportunities to develop a love of learning, we also want to support with excellent careers advice and guidance.

Our Careers Bulletin aims to share up to date information with students and families. There are numerous experiences that students can take advantage of; whether that be: work experience, real apprenticeships, information from employers, interviews with real people in different jobs at different industries, links to websites or videos that will give information on jobs, information from Oxbridge and other Universities on their programmes and further reading towards specific careers.

We also have a designated weekly slot in form times for career focus. In addition to this we work with external agencies to supply our students with committed staff who give tailored one-to-one careers advice and guidance. Alongside giving encounters with: employers, employees, further education and higher education and experiences of the workplace.

Good Career guidance is the key to social mobility. It is about showing young people the options available and open to them and helping them to make the right choices to set them on the path to rewarding future careers. Our curriculum and Careers Education at Haileybury Turnford aim to prepare students for their future destinations and life beyond school. We endeavour to ensure all students, parents and carers are aware of the options and choices available as they progress through school and beyond school. At Haileybury Turnford we allow students to research all options so they can make well informed choices about their future.

We are partnered with Unifrog, Careers Development Institute, Compass+, Careers and Enterprise Company and the Quality in Careers Standard. All to ensure we give a varied and differentiated approach to building careers at Haileybury Turnford.

I look forward to continuing the excellent work Ms Ward has created and ensuring we give the best careers advice and guidance to our students.

If you have any questions regarding careers then please do not hesitate to contact me.

Macaulaye@haileyburyturnford.com

01992 308 333 ext. 311

Yours faithfully

Mr E. Macaulay

Virtual Employer Encounters: Webinars for Students Careers as an Author: Thursday 6th May 4pm

Ever considered being the next JK Rowling.... or writing a non-fiction book about something you know a lot about and/or are passionate about? What about becoming a songwriter or a playwright? In fact, if you enjoy and/or have an ability to write well there could be a range of possibilities open for you. Becoming an Author is not necessarily a career – many authors do it purely out of love as a hobby. This webinar will enable you to hear from a published Fiction and Non-Fiction writer and a Songwriter. We will not specifically focus on careers in journalism but students interested in this area of writing may be interested to watch the webinar recorded last November

This webinar will be most relevant for students in Years 10 – 13 who enjoy writing and would be interested in finding out more about the life of an author.

Sarah started her career as a journalist with the BBC, and has since worked in PR, international development, public transport and the NHS. [Link to Join](#)

LIVE Virtual NHS Healthcare Work Experience

You can learn more and register for the programme [here](#)

The next Work Experience session will be taking place on **Sunday 6th June**

This programme is available to support all aspiring healthcare students as an alternative to in-person NHS work experience during the pandemic. This is for students who are interested in the NHS Allied Healthcare Professions.

During the work experience day, students will follow 2 patients from their initial presentation to recovery. Students will observe the healthcare professionals as they interact with the patients and also each other. Students will have an opportunity to ask questions and gain knowledge through teaching.

This will help students to make an informed career decision as well as learn about how healthcare professionals work together as part of a multidisciplinary team. Each work experience day is completely different and students will be able to build on their knowledge of NHS careers as they see different patient cases and their healthcare.

HERTFORDSHIRE AND WEST ESSEX HEALTH AND CARE ACADEMY

Hertfordshire and west Essex Health and Care Academy - Virtual Work Experience Programme

Following on from their virtual future heroes event & CTM pathways virtual taster days the academy are now excited to be hosting their first week long virtual work experience programme from Monday 24th – Friday 28th May. During this exciting opportunity students will find out more about the different roles what they do day to day.

Working in small teams students will have the opportunity to design a recruitment campaign to encourage young people aged 15 - 19 to consider a career in health and social care. Due to numbers they are only able to accept 25 students.

For more information and student registration please click [here](#) (to register and attend is completely free)

YOUNG PROFESSIONALS

Interested in a career in Banking & Finance? How does the idea of working for Europe's largest bank sound? On **May 5th** from 5pm - 6pm, Young Professionals will be hosting an online webinar event with HSBC as they will be letting you know all about their UK-wide Summer Work Experience and Apprenticeship opportunities. With more than 200,000 employees and offices worldwide, HSBC is one of the world's leading international banks.

HSBC offer roles across all of their major business areas, including retail, private, commercial and investment banking, as well as jobs in operational and support functions such as audit, compliance, risk management, legal, finance, human resources and technology. If banking and finance is something you think you might be interested in, this event is for you!

The online event is open to: Y11, Y12 & Y13.

If you'd like to apply to this exclusive event, please click on the registration link below.

The University of Law

Virtual work experience for aspiring law and business students

The University of Law are aware of the extraordinary challenges' students considering university study are facing and in 2020, they launched their first virtual work experience scheme, welcoming around 300 students who were unable to secure a work placement opportunity

The Scheme has a fully live and virtual 3-day programme (26-28 July), meaning students are able to learn from, and network with professionals safely from across the UK.

What will I do?

You will take part in a combination of talks, interactive workshops and practical work-based tasks. Taking part in the Scheme will give you the opportunity to:

- Gain insight into what working for a law firm or business is like
- Develop transferable skills
- Complete mock tasks that replicate real work activity
- Experience lectures delivered by professionals
- Expand your employability skills □ Network with students and lawyers

Who will I meet?

This is a great opportunity to meet potential future employers. Throughout your scheme you will meet:

- Current lawyers in criminal practice, private client, and corporate law
- Business professionals in marketing, accounting and management areas
- ULaw tutors and our employability team
- Throughout the week, you will be partnered up with a mentor who will be able to answer any of your questions.
