

Dear Students, Families and Colleagues

I hope you are well. I held Careers assemblies last week focusing on the future of the world of work, it was great to speak directly to students in all year groups. Ms Shivalkar and her team held the HT Sixth Form Opening Evening on Wednesday 24th, which saw a huge number of HT students and families coming to explore their options for post Year 11. Such a thought provoking and exciting time for Year 11 students. A reminder that you can hand your application form in to any of the Sixth Form team, who are around every morning before school and every day after school. If you do not have an application form, simply head to the HT website.

We also saw Year 9 and a select number of Year 10 & 11 students meet former teacher Jon Datta now the Outreach Coordinator at Trinity College, Cambridge University to gain a deeper understanding of University, Oxbridge applications and how to stand out, what to do now to broaden your understanding of subjects and topics you are interested in and much more about University life including challenging stereotypes about Oxbridge applicants.

On Friday, we welcomed back former student, Maisy Hurst, who gave a talk to our Year 11, 12 & 13 Media students about her career progression so far into the entertainment industry. It was fantastic to see and hear her journey since leaving us.

As ever, please have a look through and click on the links to various different websites for more information and any questions please get in contact with me.

Yours faithfully

Mr E Macaulay

Thank you, Maisy Hurst, for speaking to our Media students at HT!

On Friday we were lucky enough to have an ex-student return to Haileybury Turnford to give a talk to our Y11, 12 & 13 Media students about her career progression so far into the entertainment industry.

Maisy left HT in 2020, the summer that we all went into the first lock down. Following just one day's work experience in a costume fitting department she enlisted in a runner's agency (Call Time) and within her first year she has worked on feature films and television such as:

- Citadel (Amazon)
- Evergreen (Netflix)
- Libra (Mission Impossible 7)
- The Thief, His Wife and The Canoe (ITV)
- The Flash (Warner Bros)

Maisy has continued to establish herself within the industry and has secured herself some very exciting future projects including a new film directed by Sam Mendes and the next Bond film.

Our students listened and asked some positive questions about routes into the industry for the areas that they are interested in.

A really inspiring afternoon!

Jon Datta returned to inspire and breakdown barriers for those who wish to apply for Oxbridge.

Since leaving HT, Mr Datta has worked closely with the widening participation group at Trinity College, Cambridge to ensure that all students, regardless of class, gender, wealth, ethnicity or choice of school have equal opportunity to attend Oxbridge. Mr Datta ran an assembly for all of Year 9 students discussing what University is like, breaking down stereotypes of Oxbridge students, why University should be an option to you and how important the option process is for your future. Year 9 were really receptive and engaged in his talk.

35 Year 11 students had a seminar with Mr Datta, where he covered similar content, but delved into A level choices, realistic grades needed at both GCSE and A Level, alongside ways to better your chance of getting an interview; such as reading around areas/subjects you are interested in, listening to podcasts, completing MOOCs and completing Supercurricular activities that are free to join.

"This definitely made me think that this can be an option for me"
Year 11 student

A group of 36 Year 9 & 10 students had a similar seminar which was equally well received. Our students asked excellent questions which Mr Datta commented made him realise why he missed teaching at HT.

"This has made me believe that I can follow my dreams and that Cambridge can be an option to me as long as I work hard" Year 9 student

"The only guaranteed reason you will not get into Cambridge is if you do not apply" A quote Mr Datta finished with.

Thank you, Mr Datta it was great having you back at HT.

VIRTUAL EMPLOYER ENCOUNTERS

Webinars for students

[Click link](#) – to sign up to the webinar

We will all rely on Financial Advisor's to help us as individuals and/or businesses make the best decisions about our money. You will probably be familiar with the many high street banks and Building Societies on your local high street but probably less familiar with some of the independent mortgage and financial advisors. Working in Financial Advice requires individuals who are really customer driven and take great satisfaction from identifying the best possible solution for their client. This webinar will explore these careers in more detail and hopes to promote what is a very significant industry for the future of Hertfordshire and its residents.

You will hear from: **Adam Rowe – Business Development Manager – Barclay's Bank** as well as: **Phil Saville – Head of Sales and Operations at Independent Mortgage Advice Bureau.**

Feel free to explore any of the other virtual employer encounters the Hertfordshire Local Enterprise Partnership have completed on their website.
