13th December 2021

Dear Students, Families and Colleagues

I would like to take this opportunity to wish you and your families a very happy Christmas and New Year. This is the last Careers Bulletin of 2021. Thank you to those who have been following, utilising and sharing the information from the previous bulletins. I hope they have been of value to you.

It has been brilliant talking to more students from a range of year groups about their futures and interests, since I led the Careers Assemblies. As a recommendation to all students, I suggest getting more from Unifrog. This is an excellent online resource that every student at HT has access to. If you have any problems with logging in, please speak to your form tutor or myself directly. To access the log in simply click this [link](#).

If you are new to looking at our Careers Bulletin then please feel free to explore previous bulletins, they are on our website under Curriculum, HT Careers Programme or simply click this [link](#).

As ever, please have a look through and click on the links to various different websites for more information and any questions please get in contact with me.

Yours faithfully

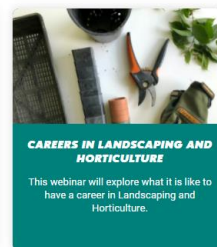

Mr E Macaulay

talking to real employers

Hertfordshire Local Enterprise Partnership work closely with us at HT. Their website has a huge amount of relevant information for careers in Hertfordshire. You are encouraged to go and visit their website whether you are a student or a local person looking for work.

However, the virtual employer encounters are really popular and feel free to go and visit and listen to the discussions with real employers, in real jobs, discussing what the industry is really like. A wide range of jobs, so I am sure you will find one that you are interested in.

PARENT'S NIGHT **15th Dec.**
7:30PM - 8:30PM

Click [link](#) to register

Parent's Night is a **free event** for parents to find out how their children's interest in gaming can lead to a rewarding career in games.

About this event

Have you ever wondered how your child could start a journey into the games and immersive sector?

Into Games and **Creative Assembly** present Parent's night - an evening of learning to inform parents about what career paths are in the games industry, what their child's journey into their first games role could look like, and an introduction to some free resources to get them started.

University of Hertfordshire **UH**

Free GCSE Maths & English booster sessions over Feb half term

What? A 2-day GCSE revision event for students in Year 11 working to achieve a grade 4 in either Maths or English. Sessions are led by expert tutors experienced in helping students to raise their exam grades. The event is fully funded including food and does not require any school staff to attend.

Where: University of Hertfordshire (transport will be provided)

Who: Students who are on a borderline 3/4 in either Maths or English motivated to improve and would likely benefit from the intensive sessions. Click [link](#) to apply

LifeSkills

Created with  **BARCLAYS**

Our virtual work experience tool gives students a unique opportunity to gain insight into the world of work through interactive challenges and questions. Explore this and more on the [Virtual work experience](#) hub.

Learn what skills are needed in the workplace and which you already have, and see the inner workings of a company
