Year 8 Easter Break competitions

Spring photography competition

During your break, you can show off your photography skills and earn yourself some vouchers! I would like you to a take a photograph capturing a snapshot of 'Spring'. I would like you to think further than the usual Spring themed images we are used to seeing and use your imaginations to capture something a little different. Maybe something funny, abstract or an image that shows your favourite memory of this season; to give you a few ideas to start with.

Please either email your images to me over the break robinsonr@haileyburyturnford.com or hand them to me on our first day back after the break. **Deadline for entries: 3.15pm on Wednesday 20th April 2022.** Winners will be announced in assembly the following week. Good luck!

Steps challenge

Can you walk 10,000 steps a day? Can you walk 100,000 steps or more during the Easter break?

All you will need to do is show me evidence of your steps from each day, then give me the total amount of steps from the Easter break. Vouchers are available for the most so give it go! Please either email your evidence of your steps (screenshots or pictures of your step count) to me over the break bilsbyc@haileyburyturnford.com or hand them to me on our first day back after the break. Deadline for entries: 3.15pm on Wednesday 20th April 2022. Winners will be announced in assembly the following week. Good luck!

An average person has a stride length of approximately 2.1 to 2.5 feet. That means that it takes over 2,000 steps to walk one mile; and **10,000 steps** would be almost 5 miles.

The only thing you will need to do is keep track of your steps, if you haven't got a Fitbit, you can use your phone, there are loads of free apps you can download! Here is a link to some information on some free apps to download https://www.makeuseof.com/tag/best-free-pedometer-apps/

The Five Ways to Wellbeing are steps that we can take that have been proven to increase our sense of wellbeing.

Wellbeing means much more than simply not feeling ill or fed up. The World Health Organization defines health as 'a state of complete physical, mental and social wellbeing'. When we feel happy, healthy and content, we have positive wellbeing.

It is important to understand that the 5 ways of wellbeing should be practised everyday in small ways. You probably do lots of this everyday without knowing. By doing these, your body makes lots of 'happy' chemicals that flow through your body and naturally improves your wellbeing.

The Five Ways to Wellbeing are:

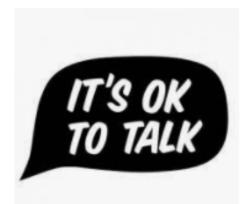

Connect. Good relationships are important for our wellbeing.

Be active. Being physically active improves our physical fitness and mental wellbeing by raising our self-esteem and giving us a sense of achievement.

Take Notice. Paying more attention to things around us can help us to feel calm and peaceful. Sometimes, this is called mindfulness.

Keep learning. When we adopt an attitude that there is always something to learn, we increase our wellbeing. Learning a new skill or hobby can boost our self-esteem and confidence.

Give. Giving our time, skills or resources to help others is proven to help us too! Research suggests that acts of giving and kindness can help improve our mental wellbeing by creating positive feelings.
