

Press Release June 2022

Haileybury Turnford staff success in the National Teaching Awards

Following last year's successes for Haileybury Turnford in the National Teaching Awards, the local secondary school in Cheshunt has been given more recognition for the high quality of education that it gives to its students. This follows the school's 'Good' rating from Ofsted in March 2022.

The school's Safeguarding and Pastoral Team was awarded with a Certificate of Excellence in the 2022 Award for Unsung Hero(es).

Miss Johnson, who teaches English, was awarded with a Certificate of Excellence for Outstanding New Teacher of the Year and Mr Hill (who teaches Design & Technology) was awarded with a Highly Commended award for Teacher of the Year in a Secondary School.

Robin Newman, Principal, stated "We are thrilled with this national recognition for the second year in succession, which clearly shows the difference our staff are making to our students, and following the wonderful judgement from Ofsted earlier this year when we were rated 'Good'."
