YEAR 10 STUDENT BULLETIN VOL. 3 DATE 18TH JULY 2022

A MESSAGE FROM MISS KAPOSI

To Year 10,

We have had a fantastic year! I have been so impressed with your start to GCSEs and the hard work you have put into Year 10.

Make sure you spend some time relaxing this summer but also take some time to think about how you will approach Year 11. This will be your year to work hard, be successful and shape your future.

I look forward to seeing you in September ready for the year ahead.

Take care,

Miss Kaposi

A Message From Miss Robinson

As Year 10 draws to a close, it is time to reflect upon all that you have achieved. The year has certainly been busy; coursework and assessments have consumed a lot of time and the majority of you have dealt with it amazingly well. You have risen to the challenge and many of you now embark on Year 11 with clear goals for your future. If you think the past 4 years have gone quickly, you will be amazed at the speed with which the next 3 terms will fly by! Whilst you enjoy your summer, also use the time wisely to think about your current situation and plan your next steps for Year 11.

For those students who have taken part in work shadowing, I would like to congratulate you on your enthusiasm and hope you have had a good couple of days. Finally, I would like to thank parents for your continued support, and I look forward to working closely with you as we see students through their final year at HT. To students, thank you for a wonderful year; you have made me very proud to be your AYAC.

Have a lovely summer break Year 10 and I look forward to seeing you all in September as Year 11's!

Miss Robinson

Top Achievers this year

- Alfie Marchant
- Ellie Hall
- Huseyin Tosun
- Amelie Marendaz
- Danny Penfold
- Bright Siaw
- Emmanuel Sintim
- Taylor Roberts
- Andrew Cartwright
- Kaitlyn White

A Message From Mr Megaw

The 2021-22 academic year is nearing its end and we start to automatically look towards the future. However, it is important to reflect on the last 318 days or 221 school days and identify what went well and how you could have done things better. As individuals we get better by reflecting and learning from our past. We all control our futures and the choices we make has an impact on it. Sometimes the choices we make are the wrong ones, we must learn from this. Our experiences are often controlled by the choices we make and the effort we put in.

Make the choices that are right for you and no one else!

I wish you all the best for the next academic year and have a lovely and safe summer break. It has been a pleasure working with you for the last two years!

A Message From Mr Macaulay

Dear Year 10

I am extremely excited to be working closely with your year group in September. It is important we get this stage off to a good start. I look forward to meeting your families at our Key to Success Evening in the Autumn term.

I have enjoyed getting to know you more than I already have, as a year group you have great potential. You have already shown your commitment to your studies by turning up early to revision sessions. Lots of you worked hard for your mocks and will be happy with your results, those who didn't work hard enough – please remember the moment you read your results. This can be a powerful moment that can support driving you forward to be successful in your GCSE's. Get some rest in over summer, the hard work will start in September. Think about what you can do over summer to stand out amongst others, do you have time to volunteer? To do any work experience? To do some online work? To go and visit parts of London or Cambridge? All of these things can support you in your future, whether that is on your CV or giving you interests to talk about at interview.

I will work hard to support you, but it starts with you getting the small things right. I expect everyone to have the basics ready in September: uniform, equipment and punctuality.

Kind regards

Mr Macaulay
