

21st September 2022

Dear Parent/Carer

We are writing to all parents and carers who use their cars to drop-off and collect students from school.

A number of parents and carers are parking their vehicles along the edge and either side of Mill Lane, towards the exit and entrance to the school. This is causing difficulties for other vehicles to access the road and also for local residents to gain access and exit the driveway of their properties. The congested traffic causes limited access for other vehicles, emergency services and pedestrians to pass by safely.

Please could we therefore, ask for your cooperation and support for our local residents, other road users and our students. Please could we ask parents and carers to arrange to park their vehicle further away from the school premises and in a less congested area further away from the school, in order to maintain a safe entrance and exit into and out of the school.

We do understand that some families have no alternatives other than to use a car to collect and drop off your child. We would be appreciative if you arrange to park further away from the school entrance and exit for the reasons mentioned above. Should any parent be a Blue Badge holder we have some parking spaces on the school site. Please do let the school know by contacting reception, so that we can make arrangements for you to park on the school site in these circumstances.

Thank you for your continued support.

Yours faithfully

Robin Newman
Principal
