Year 11 Student Bulletin Vol. 3 DATE: February 2023

## A MESSAGE FROM MISS KAPOSI

Year 11,

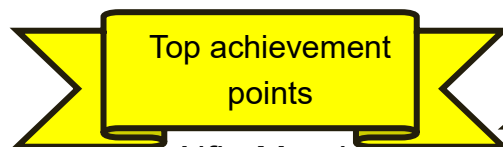

We have come to the end of another half term. You have been working hard this half term. Take time to have a break but remember, you have under three months left until the exams start.

Make sure you are revising throughout the half term holidays and return ready to work hard for the last few months.

Exams will come around very quickly – make sure you are prepared!

Take care,

Miss Kaposi

Well done to all the students that sat their Vocational Technical Qualification exams in January and February. Those students who sat their Engineering, Sports Studies and Digital Information Technology. This picture shows Huseyin leading some last-minute revision! I heard it came in handy 😊

## Attendance is key to success

**Stats do not lie.**

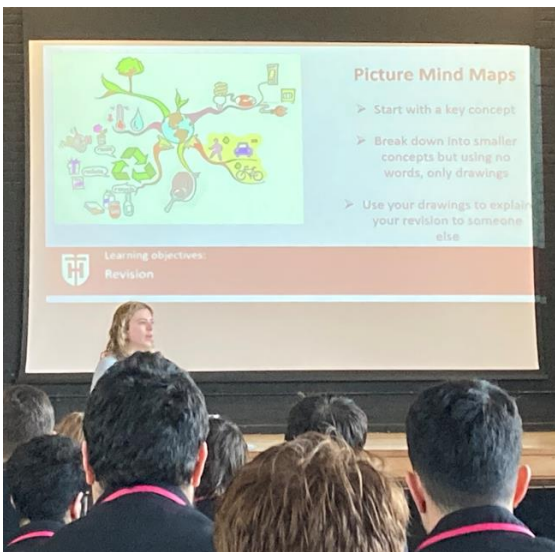

- If you have above 95% attendance, on average you will achieve nearly **half a grade higher** in every one of your subjects than your target grade
- If you have between 90%-95% attendance, on average you will achieve **over half a grade lower** in every one of your subjects than your target grade.
- If you have below 90% attendance, on average you will achieve **over 1.5 grades lower** than your target grade in every one of your subjects.

## Revision Tips for Success

1. **Get a revision timetable** — plan your half term holidays effectively, giving yourself structured time for revision and incorporating breaks.
2. **Don't worry about how it looks** — your notes don't need to be pretty, make sure you get the key details down.
3. **Get a revision timetable** — plan your half term holidays effectively, giving yourself structured time for revision and incorporating breaks.
4. **Vary your activities** — write notes from memory, practice exam questions, flash cards and mind maps are all different revision techniques. Try them all and find what works for you.
5. **Stick revision notes all around the house** — Stick your revision notes in places you pass multiple times a day. The fridge, your bedroom wall and mirrors are great places to stick notes to make sure you see them regularly.
6. **Sleep and eat properly** — your brain will work better with a healthy sleeping pattern and diet. Get this sorted now and you will be ready for exams!

Year 11 have had numerous assemblies on revision and the importance of revision, we found out today that there are only 94 days left until the exam series start. Revision has to happen over half term.
