Careers Bulletin

AMBITION • PRIDE • SUCCESS

20th October 2023

Dear Students, Families and Colleagues

I hope you and your families have had a wonderful summer and have settled back into the school routine. I am really excited to get started with our first Careers Bulletin of the academic year. For our new students and families joining us, we share a Careers Bulletin once a month. It is suitable for all age groups; however, it naturally resonates more with Key Stage 4 (Year 10 & 11) and Key Stage 5 (Year 12 & 13) students. Some bulletins will have more meaningful information to the individual on different weeks, so please continue to look and click on the links to take advantage of the opportunities that are out there to support our students. Year 12 & 13 students are emailed 'HT Express' by Mr Lindquist; this is not instead of that, but there may be cross-over information. Both will be of value, and I urge you to take advantage of the opportunities in both bulletins.

Things you will notice in bulletins throughout the year: a range of webinars, updates, apprenticeships, and more from our partners HOP (Hertfordshire Opportunities Portal), Oxbridge information, university information and opportunities, work experience information, medical/veterinary opportunities, local and national businesses, generic careers advice, STEM (Science, Technology, Engineering and Mathematics) opportunities and webinars, and real jobs in Hertfordshire, along with podcasts and webinars to support parents too. Along with many other interesting opportunities.

If you want to take a deeper look into Careers at HT, then please visit our website and see our partners, general information about Careers at HT and copies of previous bulletins posted.

As ever, please have a look through and click on the links to various different websites for more information and if you have any questions please get in contact with me.

Macaulaye@haileyburyturnford.com 01992 308 333 ext: 300

Yours faithfully

Mr E Macaulay

Assistant Principal & Careers Lead

POWERED BY HERTFORDSHIRE LOCAL ENTERPRISE PARTNERSHIP

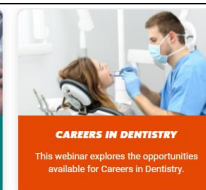

HOP is a one stop shop for talent. Powered by Hertfordshire Local Enterprise Partnership, students, employers, residents wishing to upskill, are now able to *HOP into* all the resources they need to make informed career decisions *and* build a future talent pipeline. HOP is the premier gateway in Hertfordshire to find out about: career path options, employment opportunities, apprenticeships and work experience, skills development and professional qualification programmes.

Mr E. Macaulay
Careers Lead
macaulaye@haileyburyturnford.com

This week, Rachel is joined by Anna Morrison, Founder and Director of Amazing Apprenticeships and Kasim Choudhry, Director of Thinkfest & Multicultural Apprenticeship Ambassador at the Skills Provider Pathway Group.

Set against the backdrop of National Inclusion Week, our speakers explore just some of the ways employers are doing vital work to support diversity in the workplace.

Tune in to the latest episode to hear more - available **now** on all the usual channels, or by hitting the [link](#)!

Springpod Degree Taster Sessions

We are delighted to help schools and students gain access to our Equine, Veterinary Physiotherapy, Canine Therapy and Animal Management degree programmes remotely with our free online Springpod course tasters. These are interactive and immersive episodes featuring our academics and animals, and can be used in the classroom or by students independently to try our university courses before they apply. All four of our episodes can be accessed [here](#), and are perfect for students looking to find additional experiences to consolidate their university choices and to enhance their UCAS personal statements.

Writtle University Open Days operate on a carousel basis, allowing students to come and explore a selection of courses that they'd like to discover more about. Our next open day dates are Sat 25/11/23 & Sat 13/01/24 click [here](#)

Our Autumn virtual events series is now live! Join us at one of our different types of event to find out more about Deloitte, your future options after GCSEs or A Levels and what's right for you.

Your Choice of Virtual Events – click [here](#) to find out more

This year we are running 2 different types of events! All events are open to anyone; whether you're currently at school thinking about what next, recently finished school or a parent, teacher or careers advisor - everyone is welcome to join. All events are focused on helping you learn more about your career options.

Introduction to Deloitte - These events will give you greater knowledge of a career at Deloitte directly from our people. You'll get an insight into career opportunities, a clearer understanding of the Deloitte culture and a brief overview of each business area through speed networking. You'll also hear first-hand from our partners and colleagues about their career path at Deloitte.

Assessment Insights - Our Assessment Insights will introduce you to key skills that you can take forward into the world of work and help demystify our assessment process

Explore Unifrog today

Click [link](#)

All students in year 7 through to 13 have a Unifrog log in. This will have been sent to their school email address. Any issues with remembering log ins/passwords simply click on Unifrog and forgotten password. Then go to your school email.

Unifrog is a one stop shop for Careers and information. it helps students find their future, brings all available information into one single, impartial, user-friendly platform helping young people make the best choices and submit the strongest applications.

Virtual Healthcare Careers Chat

Wednesday 15th November, 11:00am – 12:00pm

In partnership with the NHS we are running a Virtual Healthcare Careers Chat themed around how digital, data and technology is utilised in healthcare roles.

The NHS provides a diverse array of clinical and allied health professional roles from midwives and doctors to radiographers and dietitians. What's particularly exciting is how these positions are evolving thanks to cutting-edge technology and data integration. For the next generation of healthcare professionals, this presents a thrilling opportunity to be part of a dynamic and innovative healthcare system that's constantly pushing boundaries to improve patient care.

For this session, we have the privilege of welcoming three healthcare professionals in the following roles:

- **Apprentice Emergency Medical Technician**
- **Specialist Mental Health Pharmacy Technician**
- **Highly Specialised Cardiac Physiologist**

Students will have the opportunity learn about these roles and gain insight in to the ways in which digital, data and technology are used to deliver patient care. The session will also include an overview of NHS roles, pathways in to the healthcare sector, and interactive quizzes and Q&A opportunities. **This session is targeted at students in years 10 and above.**

Students are welcome to join as individuals – if you have any wanting to do so please advise them to input their name/s and email, and put 'student' where it asks for job title. They can put n/a for all other fields. Any updates leading up to the session will be shared with registrants.
