21st December 2023

Dear Students, Families and Colleagues

I would like to wish you all a Merry Christmas and a Happy New Year. With the end of the first term, it is important to reflect on what we have achieved and also look forward to our futures. With this in mind, when we have some downtime over the next few weeks, I urge you to explore some of the opportunities that we have to support in having a greater understanding of your futures. We have Unifrog, which all students have access to, as well as the Hop Into website that you will see a link to below. This has vast amounts of up-to-date information on what is happening in Hertfordshire, as well as Labour Market Information and webinars on a plethora of subjects/careers.

I am still on the lookout for parents who are willing to give up 30 minutes of their time to share insights into their jobs and their pathways with our students. I want to launch a regular drop-in service during our lunch time for employers to pop in and speak to some of our students for around 20 minutes during lunch time. Research suggests that exposure to a range of careers can benefit students' outcomes and opportunities in the future. If you are interested, please email me at the email below with the title: 'HT Lunchtime Careers Sessions'.

Those of you in Year 12 or Year 13, please look out for Mr Lindquist's 'HT Express' which gives you a vast read of information around all elements of Sixth Form life, including university information and open days, apprenticeship information, and mental health and wellbeing support.

If you want to take a deeper look into Careers at HT, then please visit our website and see our partners, general information about Careers at HT and copies of previous bulletins posted. As ever, please have a look through and click on the links to various different websites for more information, and if you have any questions, please get in contact with me.

Macaulaye@haileyburyturnford.com 01992 308 333 ext: 300

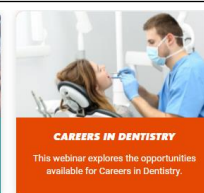

Yours faithfully

Mr E Macaulay

Assistant Principal & Careers Lead

POWERED BY HERTFORDSHIRE LOCAL ENTERPRISE PARTNERSHIP

HOP is a one stop shop for talent. Powered by Hertfordshire Local Enterprise Partnership, students, employers, residents wishing to upskill, are now able to *HOP into* all the resources they need to make informed career decisions *and* build a future talent pipeline. HOP is the premier gateway in Hertfordshire to find out about: **career path options, employment opportunities, apprenticeships and work experience, skills development and professional qualification programmes.**

RAF Wittering Base – Careers Trip Year 10 Students

We were lucky enough to travel to Wittering RAF Base and be hosted by numerous roles at the RAF. It was a versatile day, getting to witness a base and where the RAF live, understand about reduced renting cost as well as the different flats and house that are available. We were visited by RAF Police, RAF Caterers in the morning. These both gave us a different insight into careers within the RAF, due to how different they are in comparison to Civilian Caterers and Police. We also saw Air Engineers and did some challenges. Kyron came out on top showing his strength and engineering masterclass. We understood how you can fast track your qualifications through the RAF, for example joining the RAF after 6th form they will pay for your degree and allow you to travel the world and progress quicker than in industry and gaining top qualifications without the debt! We also met the ground engineers and got to experience some of their trucks. Most of us sat in a fighter jet and we all got involved in a RAF Physical Training Session and understood the different disciplines within Physical Training and how the RAF can specialise. It was an eye-opening day with lots of information and the students really enjoyed it.

A big thank you to Emma for hosting us.

Gonville and Caius Medical Society Access Day

Gonville and Caius Medical Society will be running an Access Day on **20th Jan** from 10:00 through to the late afternoon. This day intends to introduce students to Medicine at Cambridge, with a range of different events running throughout the day. All these events will be held online, and students will need to register their interest if they wish to be considered for a place. Each session will last about 45 min and will give a comprehensive overview/insight into Medicine at Cambridge.

Overview of sessions running:

- Medicine at Cambridge Talk
- Personal Statements for Medicine Talk
- Interview talk
- Admissions Assessments Talk
- Taster Lecture from Dr Fraser
- Q&A session with current undergraduate students
- Mock small group teaching session

To register interest, students must fill in the following form **by midday on 8th Jan 2024**. We expect that this will be a highly subscribed event, and as such cannot guarantee all students a place on the Access Day. Students can expect to hear the outcome of their application by 12th Jan. Register of Interest:

https://cambridge.eu.qualtrics.com/jfe/form/SV_3JzUti1wQbeHZKm This opportunity is open to students from Years 10-12.

BAM UK Technical Apprenticeship Vacancy for 2024 is now open!

BAM engineers vital infrastructure and constructs fantastic buildings, to create sustainable places with strong communities. BAM are recruiting for approximately 50-60 new people to join us in Sept 2024. These include:-

- Civil Engineering, Construction Management, Quantity Surveying, Building Services Engineering
- Digital Engineering (Level 3 Programme)

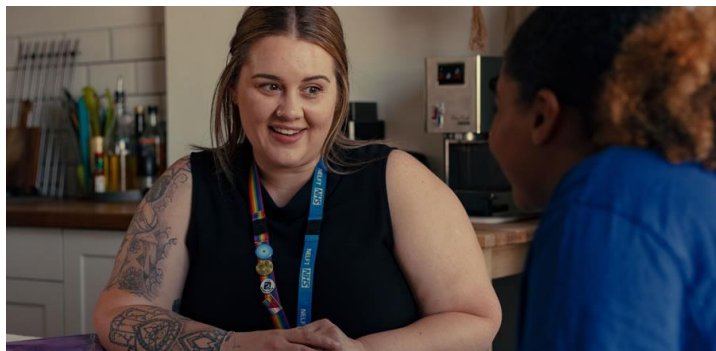

All 3 adverts are visible here - [apprenticeship 2024 job openings at BAM \(bamcareers.com\)](https://bamcareers.com/apprenticeship-2024-job-openings)

You don't need a degree to kickstart your career at RSM

Choosing the right path after school can be confusing, but RSM's early careers programmes are a great way for school leavers to get a head start in their audit, tax or consulting career. RSM is a leading audit, tax and consulting adviser to the middle market, globally. With nearly 5,000 people operating from 31 locations across the UK, we have a culture of understanding what it means to deliver value, and to value what we do.

RSM's school leaver programmes are designed to challenge, encourage and reward from day one. We support our trainees at every stage, providing them with comprehensive training, hands on experience, access to industry experts and all the resources they'll need to unlock a future packed with opportunities. [Apply now](#)

Applying for a healthcare degree can seem daunting. There are the personal statements, the university interviews and choosing the right university.

NHS Health Careers understand this and want to help your students.

Last week, we spoke LIVE to a student nurse, a radiography student and an admissions tutor at the University of West of England on YouTube. They shared their top tips on cracking that application and interview, told us about their experiences of the application process and answered people's questions.

You and your students can watch it back on our [YouTube channel](#)

TEDI LONDON
FOR FUTURE ENGINEERS

Engineered by:
■ Arizona State University
■ King's College London
■ UNSW Sydney

MEET TEDI-LONDON IN 2024

Come to our next Open Day on Saturday 13 January. You will get a real feel for TEDI-London and our project-based degree through talks, Q&As and activities. [Book here](#)

NATURE'S REMARKABLE ENGINEERS

There's always a lot we can learn from nature, so here's a roundup of some of our favourite engineers from the animal kingdom to share. [Read more](#)
