Careers Bulletin

AMBITION • PRIDE • SUCCESS

31st January 2024

Dear Students, Families and Colleagues

Welcome to the first Careers Bulletin of 2024. It has been an exciting time planning what we are going to do this year, as well as reflecting back on our successes in 2023. We are always planning on improving our Careers Programme and give our students the best opportunities and exposure to work places, further education and apprenticeship information to support their options when leaving Haileybury Turnford.

You may know that it is National Apprenticeship Week 2024 next week (5th Feb- 11th Feb). We will be doing some activities during form time, we have a 'Meet the Team' session with Dell, to give an insight into what opportunities there are to develop a career at Dell. We have ASK Apprenticeships in taking assemblies for some year groups giving them a deeper understanding of Apprenticeships and the different tiers, as well as tips on how to find appropriate apprenticeships in a field that suits our students.

Want the chance to fly a plane? Listen out for instructions coming out soon on completing the 'Soaring to Success' programme, which gives you a real chance of flying a plane this summer.

Those of you in Year 12 or Year 13 please look out for Mr Lindquist's 'HT Express' which gives you a vast read of information around all elements of Sixth Form life: including; University information and open days, apprenticeship information and mental health and wellbeing support.

If you want to take a deeper look into Careers at HT then please visit our website and see our partners, general information about Careers at HT and copies of previous bulletin posted. As ever, please have a look through and click on the links to various different websites for more information and any questions please get in contact with me.

Would you like to earn a fee-free social research degree, whilst working in a paid government role?

Our Social Research Degree Level Apprenticeship allows them to do just that.

The apprenticeship programme offers a **first of its kind opportunity** to gain real experience working on some of the government's most impactful projects, while gaining a bespoke undergraduate degree in social research. Apprentices will develop transferable and applied knowledge, skills and behaviours that will set them up for a **long career in modern social research**. The course will cover a broad range of contemporary quantitative and qualitative social research methods and skills, alongside how they can be applied to **bring about real-world change** and help government and organisations make better decisions.

Apprenticeships are available at **14 government departments across England**. Our apprentices will typically spend 4 days per week working in their government department, and 1 day studying online with the University of Kent. Find out more with this [link](#)

The [Green Room Podcast](#) is an award-winning podcast exploring the topics that matter most in business. Every episode, we cover big questions in 45 minutes or less. There are some great episodes about the Metaverse and AI we'd recommend listening to:

- [Can AI help us be more human?](#)
- [Will the Metaverse make work better?](#)

Applications are still open for all of our Early Career Programmes. We're recruiting on a rolling basis and some business areas are closing fast! We'd recommend getting your application submitted as soon as possible – [apply now](#)

The Sutton Trust – [Access Apprenticeships](#)

High-quality apprenticeships not only offer young people the opportunity to earn while they learn but also ensure they gain valuable skills and get a foot on the career ladder.

The Sutton Trust Access Apprenticeship programme will allow students to meet leading employers and like-minded peers, and learn more about how to access top apprenticeships.

Over a year, we will be offering you the opportunity to learn more about three different apprenticeship sectors: Banking and Finance (London based), Engineering (Birmingham based), and Law (London based).

The Sutton Trust – [Explore our Summer Schools](#)

Our Summer Schools offer over 40 different courses at 13 of the UK's top universities. We've created an easy search tool below to help you find a programme that's right for you. Do you want to try a new subject? Or do you want to check whether your current course choice is actually for you? Keen to visit a university or city you've never been to?

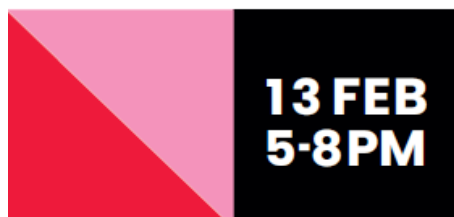

We'll cover the full costs of your travel, accommodation, food and activities at any partner university – not just one that's local to where you live – so choose a Summer School based on your subject interests at a university you'd like to explore.
