

## **Our 3 School Improvement Strategic Priorities for 2024/25**

1. To further embed a high-quality inclusive curriculum, with adaptive teaching based on research evidence, and support for the most vulnerable students, at its heart.
2. To implement and embed strategies to fully support our students' personal development, and further developing and embedding our work as an anti-racist school.
3. To further develop and embed partnerships with other schools to raise student achievement.

### **More detail: School Improvement Planning Key Priorities**

#### **High-quality inclusive curriculum, with adaptive teaching based on research evidence**

1. Focus on questioning in lessons, to ensure all students are able to contribute to lessons and are provided with thinking time to enable them to do this effectively.
2. Further develop and implement reading strategies in lessons, to ensure the effective teaching of subject specific vocabulary.
3. Develop and implement a range of curriculum interventions for students, to ensure the best possible support for students in addition to high-quality inclusive teaching in lessons.

#### **Student personal development, including our work as an anti-racist school**

1. Further develop and promote a culture and climate of inclusion within the school, with a specific focus on anti-racism.
2. Promote leadership, student voice and reward opportunities for all students and specifically for disadvantaged students and students with Special Educational Needs & Disabilities, and provide co-curricular and enrichment opportunities for all.
3. Further develop and implement behaviour management strategies to support consistently positive student attitudes to learning with particular focus on students with Special Educational Needs & Disabilities and disadvantaged students.

#### **Partnerships with other schools to raise student achievement**

1. Further develop primary partnerships with local schools to support the highest possible quality of education and curriculum for young people in each school.
2. Further develop partnership work with Haileybury to provide benefits for Haileybury Turnford students.
3. Develop partnerships with secondary partners to support school improvement work at Haileybury Turnford.
