Equipment:

- A4 folder
- a set of dividers
- Pens and pencils
- Highlighter pens
- Plastic pockets for your folder
- *We will provide you with a class note book*

Subject leader: Miss Ridgeway; email: ridgewaye@haileyburyturnford.com

1. Life stages

In unit 1 you will be learning about the following life stages:

- Birth and Infancy
- Early childhood
- Adolescence
- Early adulthood
- Middle adulthood
- Later adulthood

BTEC Level 3 National
Certificate in
Health and
Social Care

Task:

1. Research the stages listed above
2. What are the **ages** of each of these life stages?
3. What are the key features (development these life or changes) that happen within these life
4. Some development/changes happen naturally, but what environmental influences do you think could have an impact on physical or emotional development?

Make sure you have this written up to present in the first week of lessons.

2. Knowledge and understanding of HSC

Choose one or two documentaries from below to watch, make notes of what you learn!
