House Points

The HT House system comprises of six Houses; Bevan, Pankhurst, Shackleton, Turing, Austen and Bader. Each tutor group, including the tutor, all belong to the same House to encourage collaboration and a team ethos within the tutor group.

We encourage all students to participate in House competitions throughout the academic year. These will be run by individual faculties/departments and year teams. All academic achievements, achievement points and attendance will also feed into the House system.

Message from the Principal

Welcome back to the new school year, and a very warm welcome to new families joining our school community. Our students have made an excellent start to the academic year. Learning in lessons has been very purposeful, and students have settled into their routines and rhythms well since returning to school.

Open Evening for our future Year 7 students was very successful on Thursday 24th September. We were very busy with record numbers of families attending to find out more about our school. Our students showcased their school brilliantly and a huge thank you to them all. We have already received much feedback.

“Our tour guides were so enthusiastic and clearly love their school”, “Our son didn’t want to go home!”, “Open Evening gave us such a positive insight into what HT is like and the supportive and warm school that it clearly is.”

HT News features our record-breaking exam results for students from the summer, and a report from our sixth formers who spent 4 weeks in Australia.

Enjoy reading HT News!

Principal’s Book

The Principal’s Book recognises students for outstanding work or exceptional contributions to school life. Congratulations to all the students who have been nominated this month:

**Ama Ampiauw, Oscar Deaney,
Ishani Manoj, Sam Phelps,
Britney Siaw, Joseph Turay and
Elizabeth Whorlow**

Record turnout for our Open Evening

Our Open Evening was a huge success, with a record turnout and an incredible atmosphere across the school. From packed Principal’s talks to hands-on experiences for our Year 5 and 6 visitors, there was something to inspire everyone.

Science wowed with spectacular experiments, while every faculty brought their subjects to life and gave families a real insight into the opportunities on offer at Haileybury Turnford. It was a fantastic evening and a wonderful showcase of our school at its very best.

Year 11 students visit Walton on the Naze

Year 11 Geographers visited Walton on the Naze over two days to collect their data for their physical geography fieldwork enquiry.

Enjoying excellent weather, the students researched the effectiveness of management strategies at Walton, measuring sediment build up either side of the groynes and the rate of erosion on the north beach.

Co-Curricular Activities

Interested in joining a club or starting something new? Take a look at the Autumn Co-Curricular timetable. We look forward to seeing you at a club.

Hertforshire Music Service Workshop Day

We hosted a primary and secondary school workshop day as part of a collaboration project between Hertfordshire Music Service and Haileybury Turnford.

The workshop was a transition project working with Year 5 and 6 children from three primary schools.

“It is an excellent opportunity for the younger children to write and rehearse songs in a day and perform in a concert to their families.”

Mrs Nicholson, Faculty Leader

Celebrating the school’s best ever Year 11 & Year 13 exam results

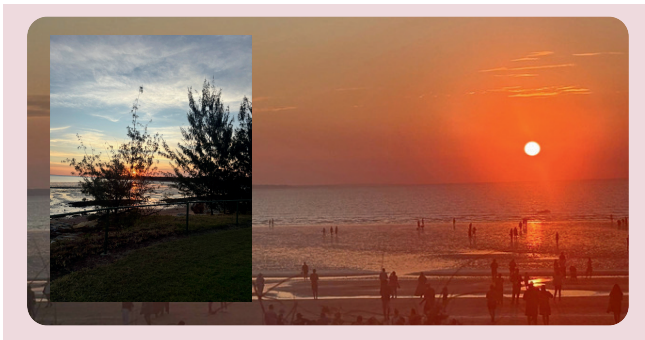

Year 11 students achieved their highest ever GCSE and vocational results for a third successive year.

We are incredibly proud of their achievements as they have broken new records for attainment across multiple subjects.

We look forward to continuing to support many of our students in our sixth form this year and to hearing about the exciting journeys of those progressing to college, apprenticeships and the workplace.

Our Year 13 cohort have achieved the school’s best ever A Level and vocational exam results, and have secured a range of excellent destinations with so many student going to the university of their choice or securing a competitive degree apprenticeship.

“Our students have benefited from the high-quality education and commitment from teaching and pastoral staff at HT.”
Robin Newman, Principal

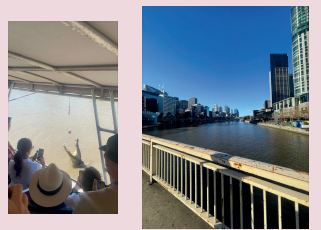

An unforgettable Australian adventure

The Britain-Australia Society Education Trust (BASET) provided a life-changing opportunity for Sixth Formers **Emma Mills** and **Erin Vecqueray** to visit and stay in Australia over the summer.

My time in Australia was truly a once-in-a-lifetime experience. During my five-week stay, I had the opportunity to meet so many new people, experience different cultures and step outside of my comfort zone. I took part in activities and experiences that I otherwise may never have had the chance to do, creating memories that I will carry with me for years to come. The trip has helped me become more independent, open-minded and confident, and I am incredibly grateful to have had such an amazing opportunity. *Emma Mills*

Australia was a once in a lifetime opportunity that I will never forget. The activities, the people, the wildlife and the learning are things I will always carry with me. I enjoyed meeting new people and learning what it is like in Australia, learning about how life is across the world! We saw crocodiles, kangaroos, capybaras, monkeys and so much more; the wildlife is so extensive and beautiful, nothing will ever compare! Darwin and Melbourne were so different but equally enjoyable and unique experiences, and I hope anyone who goes on these trips in the future, will have as much of a good time as we did. *Erin Vecqueray*

Year 7 have had an excellent start

Our new Year 7 students have made a fantastic start to senior school life! They have settled in brilliantly, embraced new challenges, made new friends and quickly found their feet around the school. It has been great to see their

confidence growing and their enthusiasm for school life shining through. They are already making their mark on the Haileybury Turnford community – and we can’t wait to see what the year ahead brings!
